

TOPOGRAPHER  
JAN 4 1899  
P. O. DEPT.

Post Office Department,

TOPOGRAPHER'S OFFICE,

Washington, D. C., Dec 14, 1899,

Sir:

To enable the Topographer of this Department to determine, with as much accuracy as possible, the relative positions of Post Offices, so that they may be correctly delineated on its maps, the Postmaster General requests you carefully to answer the questions below, and furnish the diagram on the other side, returning the same as soon as possible, verified by your signature and dated, under cover to the Topographer's Office, Post Office Department.

Respectfully, etc.,

*A. von Haake*

Topographer P. O. Dept.

To POSTMASTER AT

*Verana*,

*Boone Co.*  
*Ky.*

*Verana*

The (P. O. Dept.) name of my Office is .....

If the town, village, or site of the Post Office be known by another name than that of the Post Office, state that other name here: *Verana*.

My Office is situated in ~~Verana~~ part of *Verana* Township, or in ..... quarter of Tract No. ..... Township, County of *Benton*.  
State of *Ky.*

The name of the most prominent river near it is *Wabash*.

The name of the nearest creek is *Pettibone Run*.

My Office is *13* miles from said river, on the *East* side of it, and is *2 1/2* miles from said nearest creek, on the *West* side of it.

My Office is on Mail Route No. *1, 2, 3, 4, 5, 6, 7, 8, 9, 10*.

My Office is a Special Office supplied from *1, 2, 3, 4, 5, 6, 7, 8, 9, 10* miles distant.

The name of the nearest Office on my route is ....., and its distance is ..... miles, by the traveled road, in a ..... direction from this, my Office.

The name of the nearest Office, on the same route, on the other side, is ....., and its distance is ..... miles in a ..... direction from this, my Office.

The name of the nearest Office off the route is ....., and its distance by the most direct road is ..... miles in a ..... direction from this, my Office.

My Office is at a distance of *5 1/2* from the track of the *1, 2, 3, 4, 5, 6, 7, 8, 9, 10* Railroad, on the *West* side of the railroad.

My Office is *2* miles, air-line distance, from nearest point of my County boundary.

(Signature of Postmaster) *J. W. D. Verana*

(Date) .....

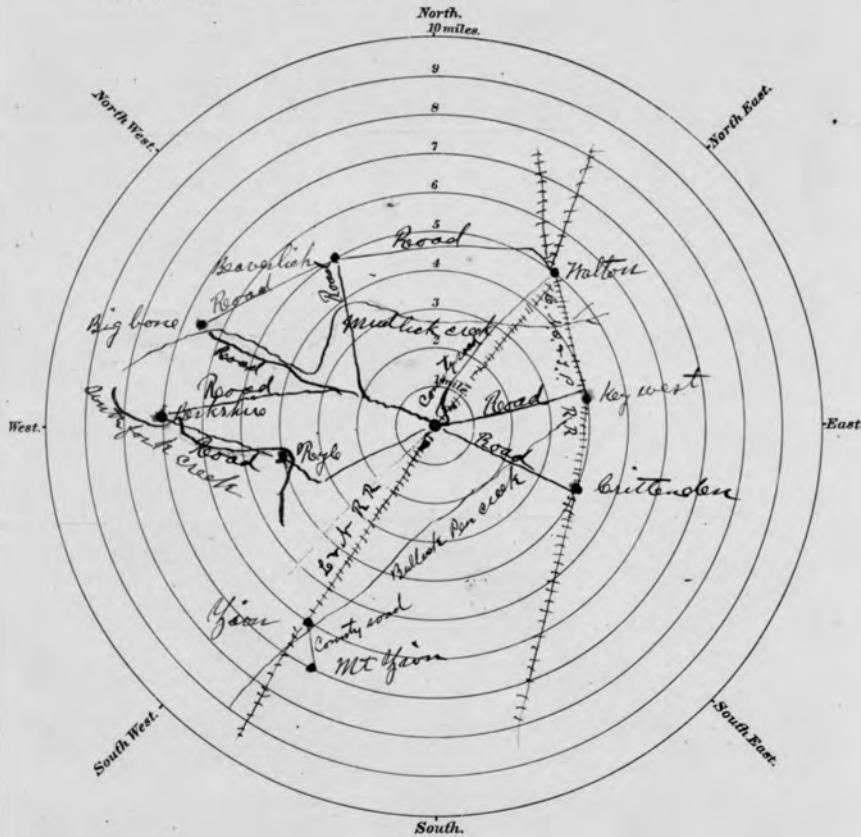

## DIAGRAM, EXPLANATION, AND INSTRUCTIONS.

The dot in the center of the 1-mile circle represents the site of your office.

The dot in the center of the 1-mile circle represents the side of your line. The surrounding offices should be carefully located by placing dots on or between the mile circles at the exact distance, and in the right direction from the proposed one, and their names plainly written.

If it should be necessary to designate an office which is over 10 miles from the proposed one, place the dot outside of the 10-mile circle, write the name of such office, and state its distance from the proposed one.

Draw distinctly the railways, roads, rivers, and creeks.

DIVISION OF  
POSTMASTERS' APPOINTMENTS

PROPOSED LOCATION OF POST OFFICE

IN REPLYING  
MENTION INITIALS AND DATE

Post Office Department

FIRST ASSISTANT POSTMASTER GENERAL

Postmaster,

Verona, Ky.

SIR:

With reference to the proposed change in site of the post office named below, and in order that the office if changed to the proposed location may be accurately represented upon the post-route maps, it is requested that you carefully answer the questions below and furnish a sketch according to instructions on opposite side of paper, which should be returned to the First Assistant Postmaster General, Division of Postmasters' Appointments, as soon as possible.

Respectfully,

FIRST ASSISTANT POSTMASTER GENERAL

Verona

(Post Office)

Boone

(County)

Ky.

If the town, village, or site of the post office be known by another name than that of the post office, state that other name here .....

The post office, if changed to the proposed site, would be 290 ft., air-line distance, North, (N., E., S., or W.) from its present location.

The post office would be situated in the ..... quarter of section No. .... in Township ..... (N. or S.) Range ..... of the ..... principal meridian, County of ..... (E. or W.)

State of ..... Ohio

The name of the nearest river is ..... Ohio ..... and the post-office building would be at a distance of 10 miles on the East side of it. (N., S., E., or W.)

The name of the nearest creek is Mud Lick ..... and the post-office building would be at a distance of 3 1/2 miles on the East side of it. (N., S., E., or W.)

The name of the nearest office on the same route as this post office is ..... Pittsfield, Ky. .... and its distance is 2 miles, by the traveled road, in a SW direction from the proposed site of this office. (N., S., E., or W.)

The name of the nearest office on the same route, on the other side, is ..... Berkshires - Ky. .... and its distance is 3 1/2 miles, in a West direction from the proposed site of this office. (N., S., E., or W.)

The name of the nearest office not on the same route as this post office is ..... Walton, Ky. .... and its distance is 5 1/2 miles, by the traveled road, in a North direction from the proposed site of this office. (N., S., E., or W.)

The post office building would be on the West side of the Railroad, and at a distance of 900 from the track. The railroad station name is ..... Verona, Ky. ....

The post office would be 2 1/2 miles, air-line distance, South, from the nearest point of my county boundary.

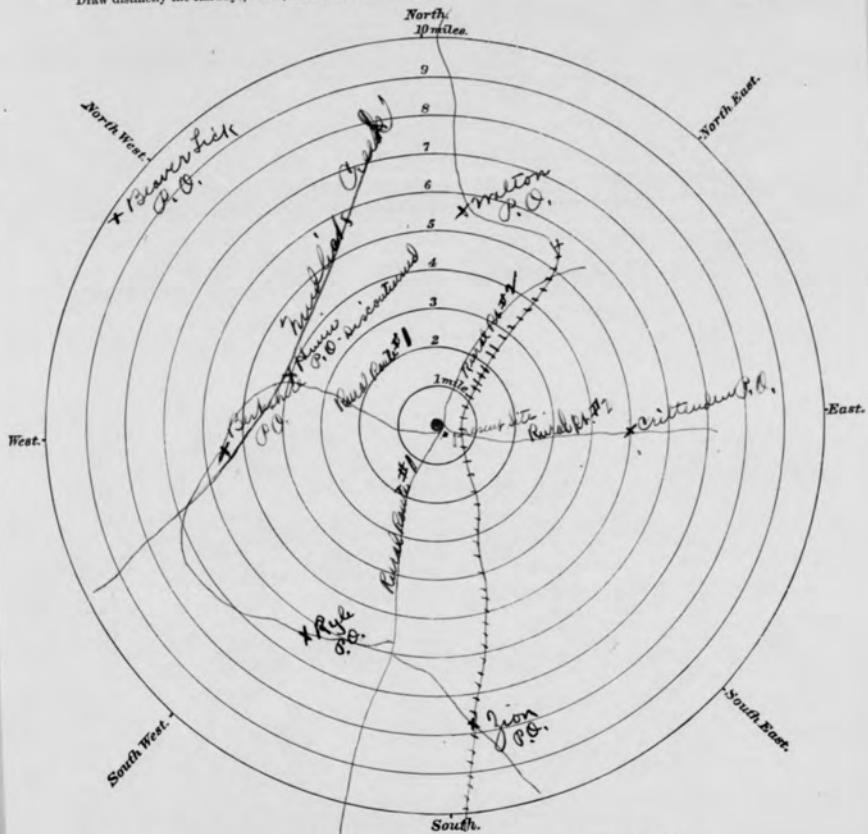

Signature of Postmaster Leslie West  
Date: Sept 19 - 1916

If the State is not surveyed designate the proposed site of the office on this page.

**DIAGRAM, EXPLANATION, AND INSTRUCTIONS.**

The dot in the center of the 1-mile circle represents the proposed site of the post office.  
 The surrounding offices and the present site of this office should be carefully located by placing dots on or between the  
 mile circles at the exact distance, and in the right direction, from the post office, and their names plainly written.  
 Draw distinctly the railways, roads, rivers, and creeks.

6-1872

Requests for change of site should be accompanied by a petition of a majority of the patrons.

On what date do you desire to move the office to the new site?

Oct. 1st 1916

What is the reason for the change in location? *In order to be in my own Bldg.*

How many patrons of the post office reside within a radius of one mile thereof? *About 100*

How many patrons would reside within a radius of one mile of the office at the proposed site?

*Same number - 100.*

(If the proposed site is on a railroad, the following certificate should be filled out and signed.)

*Verona Ky* *Oct. 19, 1916*  
(Post office) (Date)

I, *B. McCormick*, agent at *Verona Ky* (Name) (Station)

of the *L. T. N.* Railroad, hereby certify that

the proposed site of the post office at *Verona Ky* (Name) (Date), is

*B. McCormick* Name Date  
Railroad Agent.

960 feet from this station by the shortest route open to public travel.

#### QUESTIONS.

Give cancellations at your office in proper blanks for the last four quarters available.

Ascertain from the most reliable source, and state whether the proposed change in site would increase or decrease the distance necessarily traveled by the carrier or carriers now supplying your office (both rural and star route) in going once over the route or routes from office to office, without regard to residence of carrier, and if so, give the exact distance.

If on more than one route, give increase or decrease on each route.

If the change in site will permit or necessitate the carrier deviating from the road now traveled, how many boxes now supplied would be omitted?

How many boxes would probably be erected on the new road? *No*

Indicate on the diagram on second page the present and the proposed line of travel, with distances from point to point.

**IMPORTANT.**—A map or sketch showing the location of your post office must be submitted with the return of this paper. A printed map, such as prepared by the county or city engineer, is preferred, if it can be furnished without expense to the Department. Be sure, however, to mark on it the exact site of the post office, placing a small dot in the proper square or block and on the proper side of the street. If a separate map cannot be furnished it is necessary to submit a sketch as described below.

These diagrams are furnished simply to make it easier to draw a sketch that will show correct distances from your post office.

#### SQUARE DIAGRAM

Use this diagram if your post office is located in an area described by section, township, and range, and you have filled in line 3 on the other side. Otherwise use the circular diagram.

Place a small dot representing your post office in the proper quarter-section and fill in the blanks for township and range numbers.

Then draw the following features: (Note that one-half inch on the paper equals 1 mile on the ground.)

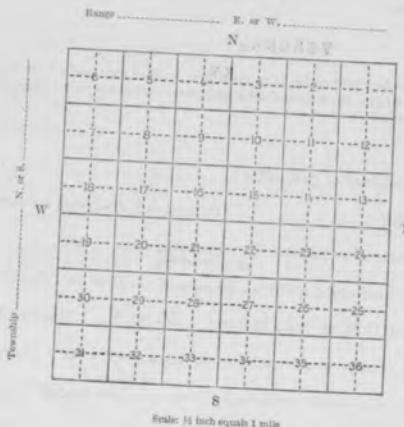

- Adjacent post offices (show with small dots and name).
- Railroads (show by single line with cross marks; name).
- Highways (show by double lines close together and mark U. S. and State numbers; name in margin the post office to which each road leads).
- Rivers, creeks, lakes, etc. (show by wavy lines and name).
- County line (show by dashes).

#### CIRCULAR DIAGRAM

Use this diagram if your post office is NOT located in an area described by section, township, and range.

Let the dot in the center of the circle represent your post office.

Then draw the features *a*, *b*, *c*, *d*, and *e*, as described above. (Note the scale of this diagram: One-quarter inch equals 1 mile.)
