

POST OFFICE DEPARTMENT,
TOPOGRAPHER'S OFFICE,

Washington, Aug. 22, 1879.

Sir:

To enable the Topographer of this Department to determine, with as much accuracy as possible, the relative positions of Post Offices, so that they may be correctly delineated on its maps, the Postmaster General requests you to fill up the spaces and answer the questions below, and return the same, certified by your signature and dated, under cover to this Office.

Respectfully, &c.,

Ch. to Sanders *B. L. Willson*
Topographer P. O. Dept.

To POSTMASTER AT

Liberty Station
Carroll Co. formerly
Kentucky *Bramlette*

The (P. O. Dept.) name of my Office is *Liberty Station*

* Its local name is *Liberty* *incorporated by the name of Lewis & Clark*

It is situated in *East* *Carroll* *Co.* in *Carroll* *Co.* in *Carroll* *Co.* in the *East* *Quarter* of *Town* No. *20*

Township, County of *Carroll*, State of *Kentucky*

The name of the most prominent river near it is *Ohio River*

The name of the nearest creek is *Camp Creek*

This Office is *9 1/2* miles from said river, on the *South* side of it, and is *1 1/2* miles from said nearest creek, on the *North* side of it.

The name of the nearest Office on route No. *2089*, is *New Liberty*, and its distance is *4 1/2* miles, by the traveled road, in a *South* direction from this my Office.

The name of the nearest Office, on the *2089* route, on the other side, is *Thent* and its distance is *9 1/2* miles in a *North* direction from this my Office.

The name of the nearest Office off the *2089* route is *New Liberty, Ky*, and its distance by the most direct road is *4 1/2* miles in a *South* direction from this my Office.

This Office is at a distance of *100* yards from the *Sta.* Station of the *Lou. Cin. & Lex.* Railroad, on the *North* side of the railroad.

State, under this, the names of all other Offices near your Office, in different directions from it, and their distances from it by the most direct roads.

North Station on 2089 R.R. East of 2000 ft. 3 Miles East of my office Camp Station on 2089 R.R. East

If the town, village, or site of the Post Office be known locally by another name than that of the Post Office, state that other name here, that it may be identified on any published map of the State (or Territory, if appearing therein).

A diagram of the township (or, where the land is not so divided, a sketch map,) showing the precise location of your Office, together with the adjoining Post Offices, towns, or villages, the roads, railroads, and larger streams or creeks, in addition to the above verbal description, will be useful, and is desired.

A correct map of the locality and adjacent country might be furnished by your County Surveyor, but this must be without expense to the Post Office Department; it being, however, for the general interest and advantage of the community to have the Post Offices correctly located on the maps, it may be expected that this will be cheerfully furnished on proper application.

State (on margin of this sheet) whether there is on file at your county seat (court-house), or in the hands of your County Surveyor, a Map of the county.

State also the present Surveyor's name and Post Office address.

(Signature of Postmaster.) *John V. Ralston*
(Date.) *Aug 25*

As shown in 20 miles distance

POST OFFICE DEPARTMENT

TOPOGRAPHER'S OFFICE,

Washington, May 15th

Sir:

To enable the Topographer of this Department to determine, with as much accuracy as possible, the relative positions of Post Offices, so that they may be correctly delineated on its maps, the Postmaster General requests you to fill up the spaces and answer the questions below, and return the same, verified by your signature and dated, under cover to this Office.

Respectfully, &c.,

W. L. Alderson
Topographer P. O. Dept.

To POSTMASTER AT Sanders, (Formerly Liberty Sta.)
Carroll Co.,
Kentucky

The (P. O. Dept.) name of my Office is Sanders

* Its local name is

It is situated in _____ part of _____ Township, or in _____ quarter of Tract No. _____
Township, County of Carroll State of Ky

The name of the most prominent river near it is Ohio River

The name of the nearest creek is Eagle Creek

This Office is 10 miles from said river, on the South side of it, and is 1/4 miles from said nearest creek, on the North side of it.

The name of the nearest Office on route No. 21188 is Sandy Ky, and its distance is 7 miles, by the travel road, in a North direction from this my Office.

(Railroad, star route, rural route, etc.)

(Date) July 24, 1939
 (Signed) Mary A. Garvey
 Post office Sanders, Ky.

IMPORTANT.—A map or sketch showing the location of your post office must be submitted with the return of this paper. A printed map, such as prepared by the county or city engineer, is preferred, if it can be furnished without expense to the Department. Be sure, however, to mark on it the exact site of the post office, placing a small dot in the proper square or block and on the proper side of the street.

If a separate map cannot be furnished it is necessary to submit a sketch as described below.

These diagrams are furnished simply to make it easier to draw a sketch that will show correct distances from your post office.

SQUARE DIAGRAM

Use this diagram if your post office is located in an area described by section, township, and range, and you have filled in line 3 on the other side. Otherwise use the circular diagram.

Place a small dot representing your post office in the proper quarter-section and fill in the blanks for township and range numbers.

Then draw the following features: (Note that one-half inch on the paper equals 1 mile on the ground.)

- Adjacent post offices (show with small dots and name).
- Railroads (show by single line with cross marks; name).
- Highways (show by double lines close together and mark U. S. and State numbers; name in margin the post office to which each road leads).
- Rivers, creeks, lakes, etc. (show by wavy lines and name).
- County line (show by dashes).

CIRCULAR DIAGRAM

Use this diagram if your post office is NOT located in an area described by section, township, and range.

Let the dot in the center of the circle represent your post office.

Then draw the features a, b, c, d, and e, as described above. (Note the scale of this diagram: One-quarter inch equals 1 mile.)
