

1870

Post Office Department, OFFICE OF THE FIRST ASSISTANT P. M. GENERAL.

WASHINGTON, D. C., 22 June, 1870.

Step: Before the Postmaster General decides upon the application for a new post office at which you are recommended for postmaster, he requires that the blanks in the following statement be filled, and the questions carefully and correctly answered, verified by your signature, certified by a neighboring postmaster, and returned to this Department, addressed to me. The contractor should be informed of this application; and if the site of the proposed office be off the mail route, you will forward him certificates as to the practicability of supplying it, and also as to the increase of distance. If the proposed office is not on any route now under contract, it can only be established as a "Special Office," to be supplied without expense to the Department other than net proceeds.

Be careful to designate the post offices by their true official names; and answer the subjunctive queries fully and accurately, or the case will not be acted upon. Very respectfully, JAMES N. TYNER, First Assistant Postmaster General.

To Mr. J. A. Poppler, care of the Postmaster of Lawrence, Ky., who will please forward to him.
